

Timothy Ehrhard **Director of Information Technology**

Tim is a graduate of Rochester Institute of Technology. He spent twenty years at Merrill Corporation, a global leader in financial and document services, and was honored to be part of the creation and implementation of several business changing platforms, departments, and teams in that time. He enjoyed filing IPOs for hundreds of new West coast startups, and compliance filings to the SEC for Fortune 1000 companies. Tim was part of the discovery and development team that built the first virtual deal room on the market, which still stands as a leader in the industry over a decade later. He was the key IT leader in restructuring an international translations company, replacing internal processes and systems to achieve both growth and profitability. Tim has also worked for a Hong Kong based global relocations company as the domestic IT Director, and most recently was CIO with a start-up business supplying a CMS to support sales of premium brand cars serving close to 1000 different websites from a single platform.

Tim is a father of three, husband, and coach. He joined NORD as the Director of IT in 2016 to advance the cause and do work that truly gives back to a community in need.
